

Baumüller Academy – Your Drive for the Future

Baumüller creates expertise in your company – through professional, individually-tailored training sessions and workshops. We train your employees in small groups in modern equipped rooms at the Baumüller Academy: By specialists, for specialists.

Customer-Specific Courses

Do you want a training session at your company that is perfectly tailored to your machine? Baumüller offers customer-specific training and serves national as well as international customers on site, i.e. directly at the machine location.

Conference Room Rentals

Our modern training and conference rooms are available to you for your event. All rooms are air conditioned and are equipped with the latest communication and presentation technology. The flexible furnishing concept allows for events for up to 200 people.
