

BAUMÜLLER
NÜRMONT

AT A GLANCE

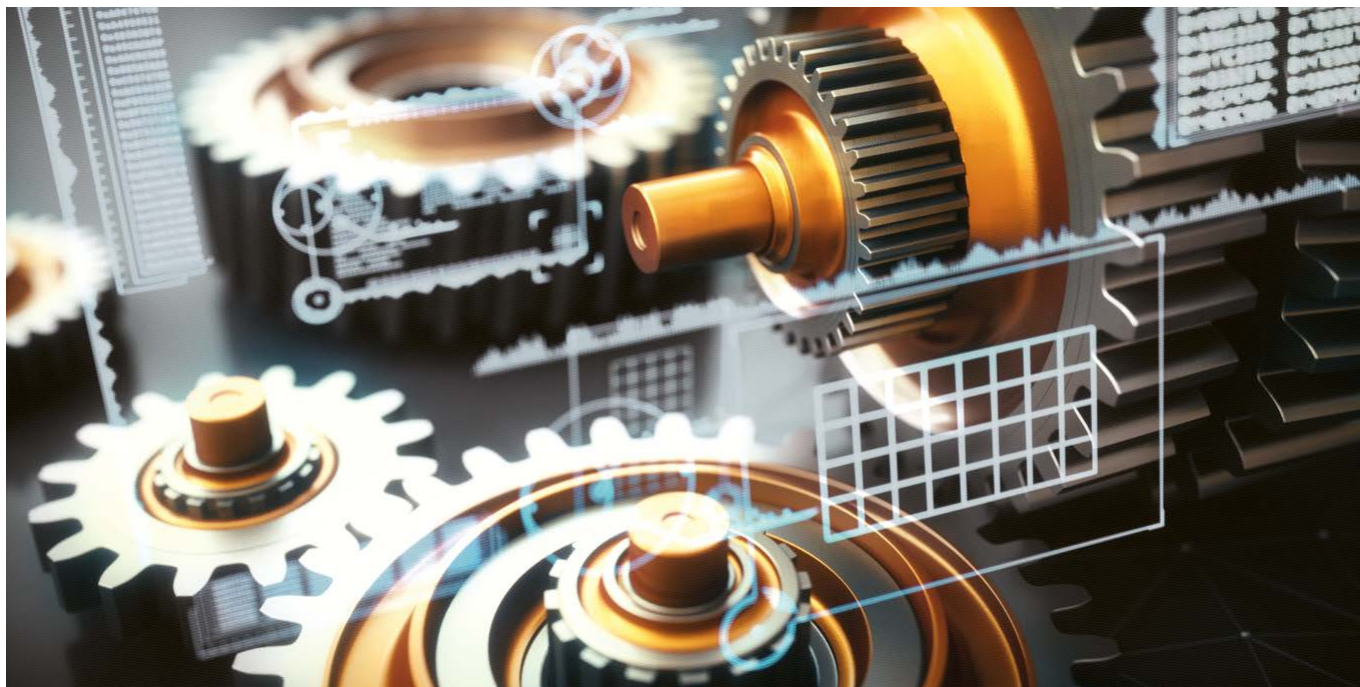

Your competent partner for Industrial Maintenance and Performance

Service from a single source | manufacturer-independent | sustainable | 24/7

We develop individual maintenance concepts that are perfectly tailored to your needs.

Commissioning | Maintenance | Operational balancing | Revision | Diagnostics | Troubleshooting | Transport | Retrofit

Your Partner for Industrial Maintenance and Performance

Reactive, preventive and condition-oriented services from a single source. Optimized for you. Around the clock. Manufacturer-independent.

Reliability, speed and absolute flexibility – as a service partner for industry and power generation, we ensure your core processes in production or in the power plant. Our specialists provide assistance at short notice in the event of errors or breakdowns and long-term assistance within the framework of predictive maintenance, servicing and with modern diagnostic systems. Your advantage: From servomotors to generators, we cover all power classes in drive and generator technology.

The Baumüller Group – North America

- ✓ 40 years of experience and competence
- ✓ Three locations in North America with over 70 qualified employees
- ✓ 15 application engineers & certified repair specialists
- ✓ Global presence in the field of industrial maintenance
- ✓ Generator and motor maintenance
- ✓ Own test facility
- ✓ Manufacturer-independent – 24/7

Five good reasons for Baumüller:

SERVICE FROM A SINGLE SOURCE

We are your service provider for the entire life cycle of your machines and plants

EXPERTS ENSURE THE HIGHEST QUALITY

Experienced specialists secure your added value with state-of-the-art technology

OPTIMIZE PRODUCTIVITY
